

# WEIDER®

## VEGAN PROTEIN

### Weider vegetable protein

High quality pea protein (Pisane C9) and rice protein

With plant extracts and organic cereals

Lactose free, gluten free, cholesterol free

**Vegan Protein de Weider** is your best choice if you want to include in your diet a vegan protein of the highest quality and delicious taste. Pea protein, thanks to its excellent composition of amino acids, is the best vegetable protein you can use, offering a comparable nutritional value to whey protein. The main protein of Vegan Protein is isolated pea protein (Pisane C9), which has been enriched with rice protein. By combining a vegetable protein with a cereal, we obtain a high biological value and easily digestible protein. 100% tolerable.

For all types of persons who need extra protein and care about their health, such as athletes, people of the 3rd age and people with high physical wear.

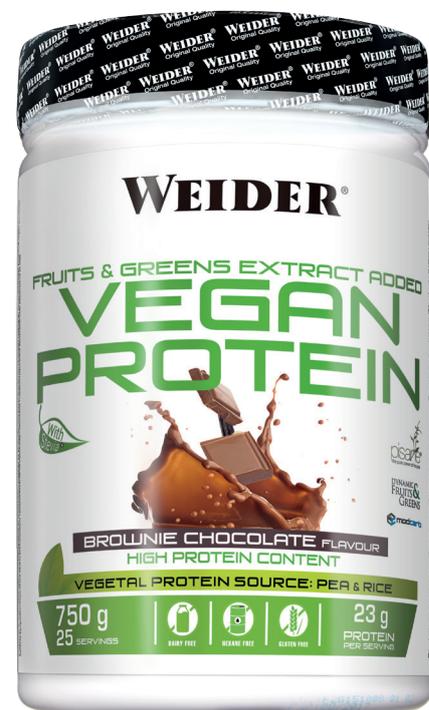

Vegan Protein is ideal for those who want to consume clean, safe and natural vegetable proteins, which are lactose, gluten and cholesterol free. It is also perfect for those who, although not being vegetarian, want to reduce their consumption of animal protein without reducing the quality of protein in their diet.

The process of obtaining the plant proteins in Weider Vegan Protein, is performed by a physical process without using chemical solvents such as hexane.

#### INGREDIENTS

- **Isolated Pea Protein (Pisane C9):** protein that has an excellent amino acid content that covers almost 100% of essential amino acids recommendations, and is rich in BCAAs, lysine and arginine.
- **Rice protein:** made from organic brown rice. It's a protein that has high digestibility and assimilation which benefits the maintenance and development of the muscles.
- **ModCARB™:** a latest generation ingredient, which is made from organic cereals and modulates the uptake and metabolism of glucose, preventing food cravings and energy slumps.
- **Dynamic Fruits&Greens:** plant extracts concentrate that provides antioxidant substances (polyphenols) that take care of your health. It not only nourishes us, it protects us as well.
- **Stevia:** Vegan Protein has been sweetened with Stevia. It is a natural sweetener because it is extracted from leaves of Stevia that give sweetness without calories.

**Chocolate Flavour Ingredients:** 82% Pea Protein Isolate (100% Pisane® C9), 10% Low Fat Cocoa Powder, 3% Rice Protein Isolate, Flavouring, 2% ModCarb™ (Oat Bran (gluten free), Quinoa, Amaranth, Buckwheat (gluten free), Millet), Natural Flavouring, 0.1% Fruit & Greens™ Extract (Paprika, Ginger, Broccoli, Spinach, Kale, Cabbage, Green Tea, Raspberry, Banana, Kiwi, Mango, Plum, Lime, Cranberry, Pineapple, Orange, Pink Grapefruit, Cherry, Lemon, Cauliflower, Wheat Grass (gluten free), Alfalfa, Spirulina, Chlorella, Maltodextrin, Gum Arabic, Corn Starch), Sweetener: Steviol Glycosides (Stevia Extract); Sodium Chloride.
